passburg, Frank.

Happenings in and Around Frank

P. Burns & Co. are building an
addition to the rear end of their
ware here.

Great progress is being made on
the grading for the new C. P. R.
which here.

Rev. Father Lajot officiated at
the funeral of the late Martin
Besset on Sunday afternoon.

Ad. Johnson returned home on
Monday night from a two weeks
holiday trip north of Calgary.

The miners returned to work in
the new slope of the old mine on
Monday afternoon.

Rev. G. A. Cropp's subject for
Sunday evening at the Methodist
church will be, "The 20th Century
Crusade."

The Ladies Aid of the Metho-
dist church are giving a coffee
social in the church on Wednesday
evening next.

Hundreds of people from sur-
rounding towns were in the city
on Sunday morning to attend the
debating functions.

Thomas R. Brandon, of the "In-
dependant," Coleman, passed here
Friday through on his way to Hil-
crest on Monday.

The small fire in the mine in 71
district is under control and it is
believed that it will be extinguished
before the end of the week.

J. W. Gresham, J. P., officiated
on the Blairmore bench on Mon-
day night and disposed of a case
charged under the vagrancy act.

Coyote's inquiry was in town on
Saturday to find out inquest into
the death of Martin Besset who
was suffocated in the mine at
Blairmore.

Mr. A. Muller, the general man-
ager of the Canadian Coal and
Lumber company, returned on Tuesday.
Mr. Muller had been away in
France for three months on a
business trip.

J. D. S. Harris, one of the "En-
gines" people, was in town
Friday on Sunday and attended the
debating service at the Catholic
church in the morning and Knox
church at night.

Rev. T. C. Buchanan, of Calgary,
superintendent of Methodist mis-
sions for Alberta, was in town on
Monday conferring with the pastor
and officials of the church for the
purpose of sending a deaconess to
assist in the work of the church at
Frank.

Happenings in and Around Bellevue

The day of all days for the
Eagles the 21st.

Miss Mary Dunlop was a visitor
at Frank this week.

Misses James and Bracey were
visitors in town this week.

Mr. Syd. Landy has left Bel-
levue to take up a position in
Calgary.

Andy Duncan returned to town
this week after having spent three
months in Kentucky.

Mr. Black, of the Evely Sales
Co., is conducting a clearance sale
at Barnett and Lang.

Don't forget the Eagles Social
on the 21st.

R. Livers and J. Burk attended
the meeting of the C. N. P. F. L. at
Passburg on the 12th.

The study to be sold on the 28th
the sale of work is being made
by ladies of the town.

Bob Cummings returned from
England this week and is back at
his old position with the C. P. R.

P. Hesketh met with a slight
accident whilst riding. Percy ran
against a wire clothes line with his
head and had to visit the hospital
for repairs.

It is said that a Gipsy lady has
consented to attend the sale of
work on the 28th, to tell fortunes,
good fortunes you know. Come
and learn your fate.

We are sorry to learn of the in-
sistent departure of Mr. Emerson
and his family. Mr. Emerson has
been superintendent of the mines
here for about six years and
leaves to take up a position in
Perth.

On the 28th inst., Madam
Squaw-Tina is expected with her
band to attend a concert in the
opera house here. The concert
will follow the Ladies Aid sale of
work and it is to be a huge success
from the first. Madam has been
given a warm reception all over
the States and should give a pro-
gram never to be forgotten in this
town. This visit is a special one
and we are informed that the items
will not be repeated in Southern
Alberta.

The missionary campaign of the
Methodist church opened last Sun-
day night with an address by the
Rev. J. D. Jones. The congrega-
tion, which filled the church,
evinced keen interest in every part
of the service and the feeling of
brotherhood which prevailed speaks
well for the future winter's work.

Next Sunday night the Rev. J.
M. Harrison of Marjuly is an-
nounced to preach a second ser-
mon in the series. He is one of
the most powerful preachers in the West
and a full church will no doubt
greet him. On Sunday the 27th
the morning service will be con-
ducted by Rev. H. H. Craig and
the evening service by Rev. E. A.
Cropp, on Tuesday night following
a big meeting will be held to be
addressed by a returned mission-
ary. This will be a treat.

"THE DEAD HAS COME TO LIFE"

A TRUTH-LIFE MIRACLE

The night was dark and black outside, With a boisterous wind untamed, When I was sitting snug within, Where my good leg lay flamed.

And the clock ticked,
The cat purled,
And the kettle sang.

I read me a tale of love and war,
Of brave knights and ladies fair,
And I brewed me a bowl of
Stiff Hot Scotch.

To drive away dull care,
And the clock ticked,
And the cat purled,
And the kettle sang.

At last my kettle spluttered out,
But my night still gave light,
And I turned my tumbler upside down
And bled myself good-night.

And the clock sang,
And the cat ticked,
And the kettle sang.

Physician—Have you any aches or
Pain this morning?
Patient—Yes, doctor; it hurts me to
breathe, in fact, the only trouble now
seems to be with my breath.
Physician—All right, I'll give you
something that will soon stop that
Good Housekeeping.

FREE TO YOU

Zam-Buk Gives Certain Ease

Friction on the veins (the horrid
venous disease) that swell, inflamed
and go on to bleed, what causes the
terrible pain and stinging and smarting
of the veins? Zam-Buk applied at
night will be found to give ease
morning. Thousands of persons
have proved this. Why not be guided
by the experience of others? Mr.
Thomas Pearson, of Prince Albert,
Sask., writes: "I must thank you for
the benefit I have received from the
use of Zam-Buk. Last summer I suffered
greatly from piles, I started to
use Zam-Buk and found it gave me
relief, so I continued it and after a
few days the piles were cured. I
am glad to say I have not had them
since."

Mr. G. A. Dufresne, 183-18 St.
James, Sask., writes: "I can highly recommend
Zam-Buk to anyone who suffers from
piles."

Magistrate Sanford, of Weston,
Ont., writes: "I suffered long from
itching piles, but Zam-Buk has
now cured me."

Mr. William Keary, of Upper Nine
Mile River, Ontario, writes: "I
suffered terribly from piles, the pain
at times was almost unbearable. I
tried various remedies, but every
thing I tried failed, to do me the
least good. I was tired of trying
various remedies, when I heard of
Zam-Buk. I bought a box and used
it. I procured a supply and continued
to use it. After a few days the
short time Zam-Buk effect of what
I heard of other cures and medicines
had failed to do a complete cure."

Zam-Buk is also a cure for
skin injuries and disease, eczema,
itching, eruptions, etc. It cures
burns, chafes, cold sores, etc. See
a box full of testimonials, and see
a list of all druggists and stores, or post
to Zam-Buk Co., Toronto, for
price. Refuse harmful imitations.

There may be red-headed anger in
him, but how can it help things
to have such tempers there?

Give Baby a Chance.

Don't dose the baby with soothing
mixtures and narcotics—they were
never known to help any baby. You
might just as well dose the grown
man or woman with opium or co-
caine—the result would be the same—
poisoning the system to mind and
body. When baby is ill give him a
medicine that will cure a medicine
free from narcotics. Such a
medicine is Baby's Own Tablets.
They are baby's greatest friend.
They never do harm—always good.
Concerning them Mrs. Richard Mul-
holland, Langton, Sask., writes: "Baby's
Own Tablets should be in every
home where there are small children.
We gave them to our baby when he
was teething and they kept him
good natured and healthy."

They are sold by all druggists and
or by mail at 25c a box from
"Baby's Own Medicine Co., Brock-
ville, Ont."

It seems as if a woman would rather
put pretty in her photograph than
in her own person.

Minard's Liniment Cures Dandruff

Miss Rogers—"How did you imagine
anything so beautiful as the angel in
your picture?"

Artie—"I got an engaged man to describe
his fiancée to me."

Seeing Around Corners.

There are many who have vision that
they have a very much larger field of vision
than we have. It is in the line of
greater convexity of their eyes, en-
abling them to see around the corner,
to speak, behind and at the side.
This development in man would
have its objectionable features, but
also its good ones, not the least of
which might be the detection of pick-
pockets.

Love Taps.

"Arry, that Sal Robins says you're
in love with her."

Garn—"Don't yer take no notice at
her. She exaggerates every bloom-
ing thing. I may as give her a clip
over the ear, but that's all there is
in it."

Her Status.

Nothing very serious about
her.

Stella—"I should say not. If that woman
knew the world was coming to
an end, she'd be sure to get a
letter to write to a newspaper asking
what to do for blackheads."

THE CLOCK TICKED

The night was dark and black outside,
With a boisterous wind untamed,
When I was sitting snug within,
Where my good leg lay flamed.

And the clock ticked,
The cat purled,
And the kettle sang.

I read me a tale of love and war,
Of brave knights and ladies fair,
And I brewed me a bowl of
Stiff Hot Scotch.

To drive away dull care,
And the clock ticked,
And the cat purled,
And the kettle sang.

At last my kettle spluttered out,
But my night still gave light,
And I turned my tumbler upside down
And bled myself good-night.

And the clock sang,
And the cat ticked,
And the kettle sang.

Physician—Have you any aches or
Pain this morning?
Patient—Yes, doctor; it hurts me to

LADY ERSKINE'S CAREER.

Woman Who Died Mysteriously Was
"Trained Nurse"

Great interest has been excited all
over the world over the mysterious
death of Lady Marjorie Erskine, who
had been missing for months, when her
body was found by a workman, who
was searching for white lead on the
Scottish moor.

Lady Marjorie (whose full name was
Marjorie Gladys Stuart) was born June
28, so that she was just thirty years
of age.

She was the second of the three
pretty daughters of Lord and Lady
Buchan, her sisters being Lady Mo-
dell and Lady Marjorie. Her father
was the Earl of Buchan, and her
mother, Lady Evelyn, now the wife of
the Hon. Walter Drummond, youngest son
of Viscount Leath.

With very brown hair and dark
eyes, Lady Marjorie was very popu-
lar in society, and she surprised her
friends a few years ago when she an-
nounced her determination to become
a hospital nurse.

She went through a thorough train-
ing at Guy's Hospital, and then be-
came a nurse in the Glamorgan Ward
of the Children's Hospital in Great
Ormond Street.

Wearing a pink cotton gown, with
a white apron, and a white cap, and
as "Nurse Erskine" and only the
matron and sister knew that she was
really Lady Marjorie Erskine.

Like other probationers, Lady Mar-
jorie rose at six in the morning and
went to her work, but she was not
share of the hard work, but helping
to scrub the wards, but her be-
haviour could stand the strain, and she
had to give it up after a year's train-
ing.

Like most of the members of Lord
Buchan's family, Lady Marjorie was
devoted to animals, and for a time
she looked after a horse for the
warfare of the family.

Just before Christmas, 1905, society
was interested in the announcement
that a marriage had been arranged
between Lady Marjorie and a young
man, Arthur Brodie, youngest brother of
Lord Brodie.

The engagement came as a surprise,
as Mr. Brodie, who is a well-known
and very popular man, had been
and who was born in 1885, had come
to be known as a very successful
lancer.

The surprise, however, was much
greater, when in less than a fort-
night's time the engagement had
been broken off.

The date of the wedding had been
fixed for less than a month later, the
banquet had been planned, and the
wedding presents were being re-
ceived.

This Visitor Was Disgusted.

The following incident occurred re-
cently at one of those ports on the St.
Lawrence River, which are known to
the American frontier. A United
States citizen had landed and was
striding about the wharf, when sud-
denly he encountered an inveterate
in uniform and asked who owned
a horse that was at anchor opposite
the wharf. "Oh, that yacht belongs to
the Hon. Mr. Seaton," said the
American, "a prominent Canadian
politician."

"Well, I thought so," said the
American, "one millionaire or political
boss."

The customer officer has the reputa-
tion of being a peaceable man, for
the manner of the visitor ruffled him.
Grasping him by the shoulder, he
took him back, where the Canadian
political representatives are not to be
spoken of as a peaceable man.

He gave him a shake and let
him go. The American, looking at
the Canadian, sought out the customs
officer's superior officer and made
a complaint, which was politely re-
fused.

"What will they likely do to him?"
he enquired after all the facts were
known.

"Oh, I don't know," said his Ma-
jesty's representative. "Probably
they'll raise his salary."

"Well, this is a hell of a country,"
said the American as he took his de-
parture.

Rough on Sir Charles.

Many stories are told of the late Sir
Charles Folger, for so many years the
head of the Maritime Observatory. One
of the best is a story that Sir Charles
used to tell at his own expense.

When visiting one of the smaller
towns of the colony he called on a
man who had gained a local reputa-
tion as a weather prophet. While talk-
ing his identity, Sir Charles used to
tell him:

"I dabble a little in weather-
predicting myself. Would you mind tel-
ling me how you arrive at your con-
clusions?"

"Oh, that's easy enough," was the
reply. "There's an old proverb in Ade-
laid that says, 'If the wind is in the
rears, what he thinks the weather's
going to be, and I always put it to
the opposite to what he says, and that's
the way I score.'"

Seeing Around Corners.

There are many who have vision that
they have a very much larger field of vision
than we have. It is in the line of
greater convexity of their eyes, en-
abling them to see around the corner,
to speak, behind and at the side.
This development in man would
have its objectionable features, but
also its good ones, not the least of
which might be the detection of pick-
pockets.

Love Taps.

"Arry, that Sal Robins says you're
in love with her."

Garn—"Don't yer take no notice at
her. She exaggerates every bloom-
ing thing. I may as give her a clip
over the ear, but that's all there is
in it."

Her Status.

Nothing very serious about
her.

Stella—"I should say not. If that woman
knew the world was coming to
an end, she'd be sure to get a
letter to write to a newspaper asking
what to do for blackheads."

To those who suffer sickness, to those who want to be well,
we say let us buy a 50-cent bottle of Psychine
from your druggist and give it to
you free to prove.

"The whole surprise of the blood-
ing Psychine, as they are known
to be, are the psychism of the
scavengers of the body."

A germ of disease can invade
the body anywhere but the blood
corpuscles get after it. Ask, if they
are strong enough, or in sufficient
numbers, they devour it.

They're not strong enough or in
sufficient numbers, then the invading
army of disease germ triumphs and
disease holds the body.

Any preparation that strengthens
the white corpuscles or that in-
creases their number, will not only
preserve health, but will build up its
defence so strongly that contagion
or infection are impossible.

Herbs have also been great curative
agents from time immemorial.

There have been styled nature's own
remedies.

Certain herbs more than others are
noted for their curative powers.

And it has been found that those
herbs that are most effective in main-
taining or restoring health, do so by
building up the white corpuscles or
Psychine.

These herbs are incorporated in
Psychine.

"The whole surprise of the blood-
ing Psychine, as they are known
to be, are the psychism of the
scavengers of the body."

A germ of disease can invade
the body anywhere but the blood
corpuscles get after it. Ask, if they
are strong enough, or in sufficient
numbers, they devour it.

They're not strong enough or in
sufficient numbers, then the invading
army of disease germ triumphs and
disease holds the body.

Any preparation that strengthens
the white corpuscles or that in-
creases their number, will not only
preserve health, but will build up its
defence so strongly that contagion
or infection are impossible.

Herbs have also been great curative
agents from time immemorial.

There have been styled nature's own
remedies.

Certain herbs more than others are
noted for their curative powers.

And it has been found that those
herbs that are most effective in main-
taining or restoring health, do so by
building up the white corpuscles or
Psychine.

These herbs are incorporated in
Psychine.

Nervous Women

will find that Nature responds
promptly to the gentle laxa-
tive effects, and the helpful
tonic action of

**Becham's
Pills**

Sold Everywhere. In boxes 25c and 50c.

Canadian Hair Restorer

OLD FRIEND JACK
Jack Frost is sneakin' round us,
All ready for the fray;
It comes out in the wind,
His hidden behind the day.
He's got his pinchers with him,
And they are sharp and keen;
He's tryin' to be clever,
To get a whack at you.

A few things to make matters easy:
- A good heater for the hallway,
- Some felt for the doorway,
- A few panes of glass and some putty,
- A smoke stack for the top of the chimney,
- A horse blanket for the owner, and See!
- We're at the Blairmore Hardware Company.

The Blairmore Hardware Co.

The "2" Big Stores

U.S.C. THINGS
In every household, office, or place of business are contained in our best assortment of First Quality Hardware. The want of a hammer, saw, file or wrench has delayed many a much needed improvement. The possession of a complete set of tools is an incentive to make beneficial alterations about the house. We offer everything in the hardware line, and our prices are very moderate.

Watch our "ad" and window each week. It will pay you.

PUBLIC NOTICE

Notice is hereby given that in accordance with the provisions of The Irrigation Act, the Municipality of Blairmore has filed the necessary memorial and plans required by sections 18 and 15 of the said Act, with the Commissioner of Irrigation, at Calgary, Alta.

The applicant Municipality applies for the right to divert two cubic feet of water per second from York Creek on the north-west quarter of Section 34, township 7, range 4, west 5th Meridian, for other (waterworks) purposes and for the right to construct the necessary works as shown by the memorial and plans filed, to enable the water so diverted to be used for the said other purposes in the town of Blairmore.

The following lands are also affected by right-of-way for the proposed works, viz: - the said north-west quarter of Section 34, the north-east quarter of Section 34 and the north-west quarter of Section 35, in township 7; and the south-east quarter of Section 3, in township 8, all in range 4, west of the 5th Meridian.

Dated at Blairmore, Alta, this 8th day of October, 1910.

Thos. Frayer, Chairman.
W. A. Beebe, Sec. Treas.

6 YEAR OLD GIRL
CURED OF KIDNEY TROUBLE

Mrs. Alex. Moore, of James St., Oxford, N. S., says: "Booth's Kidney Pills cured our little daughter, Christine, age six years, of many symptoms of kidney weakness." She complained of a sore back, the kidneys were frequent and uncontrollable, especially at night. Her stomach was weak and her appetite poor. This caused her to have frequent headaches, and the least exertion would do her harm. We had tried many remedies, but she did not improve. Finally we learned of Booth's Kidney Pills, and procured a box. In a short time she was well and does not now complain about her back, the kidneys are strong, having become normal, and she plays around the house with no apparent fatigue. We always recommend Booth's Kidney Pills.

Booth's Kidney Pills carry a guarantee that if you desire a better kidney, your money will be refunded. Booth's Kidney Pills are a specific for all diseases of the kidneys and bladder. Sold by all druggists, grocers, or postpaid from The W. C. Booth Co., Ltd., Port Frisco, Ont. Sold and guaranteed by S. J. Watson.

Piping Hot Water Always Ready

for every occasion, with the Kootenay Steel Range, without "driving" the fire or wasting fuel. The generous firebox is built so that the water heats very rapidly as it passes through the water front, and gives a plentiful supply. One bath usually empties the boiler heated by an ordinary range with the result that the rest of the family must wait for more water to heat. Not so with the boiler attached to the water front of a

KOOTENAY Steel Range

because the Kootenay never fails to heat as much water as is required and as fast as it is used. The nearest McClary Agent will make clear to you the reasons why you ought to own a Kootenay.

WE DO GOOD JOB WORK

Semi-Weekly Attractions

Brown and his "singers" put on a fine show in Blainmore on Saturday night last. Their jokes were dry and the small audience found it to laugh.

Clark's moving pictures which were shown in Blainmore on Thursday night, were good, clean and interesting. Clark still maintains the name of being the best moving picture man in the business in the Crow's Nest Pass.

If everybody followed the same example of some of our citizens, this town would be found in either Winnipeg or Chicago. They consider that no one else deserves interest in their lay out of capital and that even the coal producers should talk business for them and receive in return the reflection of a smile cast on the big retail houses of the above named cities. Even if Tim Eaton owned all the business blocks on the main street they would feel duty bound to themselves to forward their little orders to some city a thousand miles away. Such a system of right-diffidence would make one of the most laughable comedy farces imaginable.

PARISIAN SAGE

WILL GROW MORE HAM

Parisian Sage will stop falling hair in two weeks—care can't be in the same time and stop scalp itch at once. It makes the hair soft, silky and lustrous.

AS A HAIR DRESSING Parisian Sage is with us poor. It contains nothing that can harm the hair—it is not sticky, oily or greasy and parents as well as grown persons of the scalp.

Women and children by the thousand use it daily as a dressing and no home is complete without it.

MONEY BACK IF IT FAILS

Druggists and stores everywhere guarantee Parisian Sage and will refund your money if it fails. Ask druggists S. A. Watson what he thinks of it. He is its agent at \$20. per large bottle or you can secure it by mail postpaid from Giroux, Manufacturers Co., Fort Erie Ont. See that the girl with the Auburn Hair is on each postage. Sold and guaranteed by S. J. Watson.

Thrift as a National Asset

A remarkable address was delivered before the Employers Association at Toronto a few days ago by S. T. Hasted, superintendent of Government institutions. The address should be read by every good Canadian and carefully considered. Following is the best of Mr. Hasted's address.

The day of opportunity on the American continent is passing. The free lands will be exhausted in another quarter of a century. Great cities, like New York, must inevitably mean at times unemployment and suffering.

The fear of poverty must become a present in many, many, and above all, the dread of poverty in old age, when the capacity of earning is gone.

There is need for provision to meet the conditions that will come as inevitably as tomorrow's sunrise. To the hundreds of thousands of Canadians who are living up to, to their country, a little beyond it, to the United States, the address should appeal mightily.

The Parliament of Canada has gone a long way to encourage the people of the Dominion to make provision for old age. It has established a Government Annuities system, under which it is hoped ultimately to make provision for the declining years of the great mass of the people 45 years of age or later if preferred, the annuity begins, and continues till death. By supplementary provisions, if it is desired, the money paid in should the depositor die before the annuity begins is returned to his or her relatives with 3 per cent. interest. Should survivors be desired, they can be secured and be able to keep up the annuities the amount is not sufficient to provide for the annuity, and will be returned when the depositor reaches the age of 55, together with 2 1/2 per cent. interest.

The movement is working of the truest kind of all kinds of public opinion. The younger do not well understand the shadow cast before by an old age of poverty or financial stress as those of yesterday's years. They need something to be reminded how that price of good life, Robert Burns, looking back over a variety of follies and extravagances, sadly penned the lines:

"But pleasures are like poppies spread; You seize the flower, its bloom is shed; Or like the snowflake on the river, A moment white, then melts for ever."

Cramp is most prevalent during the dry cold weather of the early winter months. It is caused by the blood being too thick. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood.

Many school children suffer from constipation, which is often the cause of many of the troubles which attend the growth of the child. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood.

The International Prison Congress

Sept. R. B. Chadwick who represented the Province of Alberta at the recent International Prison Congress held in Washington, D. C., states that all past experience confirms prison workers in eliminating as far as possible the vindictive idea from punishment and educating the morally weak or victims to a complete re-orientation of a square deal and to the point of useful citizenship.

"Probation has proved a most successful factor in the moral reform of adults for too often a man enters in judgement than in latest and the sound advice and kindly help of a probation officer not infrequently is all the means to steady him on his feet. In the case of children from ninety to ninety-seven per cent re-appear at once to probation treatment."

"The Russian delegate surprised the Congress by reporting that mild sentences in special institutions, correction of physical defects, provision for under supervision, removal from bad surroundings, industrial schools with trade and education department are among the good things that the country is attaining in the correction and information of children."

"The work done among the children of France compares favorably with that done in any other part of the world. France places a delinquent child in the custody of friends or relatives during the time it is awaiting trial. The court claims the right of decision as to whether or not a child is capable or not of discipline and bases its finding on that opinion. In appointing judges to take the cases of juvenile delinquents, they are chosen from among the men on the Bench who have special qualifications for child work."

"All delinquent children under twelve are provided security and surveillance through a corps of probation officers and a complete system of reporting. A competent individual investigated on the home conditions and surroundings of all children dealt with by the Court as essential to gain the true bearings and in order to meet the true needs of the child."

"The unanimous verdict of the Congress was in favor of prevention. Prevention not only retains the earning capacity of the juvenile delinquent, his good citizenship as an asset to the state but saves the heavy expense of his incarceration. Prevention is vigilant in diverting into channels of useful activity the energy which crime would otherwise dissipate. It is safe to forecast that the reform work of the future will follow the same lines."

"The Department of Neglected Children, Education, makes correspondence from all provinces interested in redeeming child life, protecting neglected children and providing homes for the homeless."

Many school children suffer from constipation, which is often the cause of many of the troubles which attend the growth of the child. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood.

Many school children suffer from constipation, which is often the cause of many of the troubles which attend the growth of the child. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood. It is not a disease, but a condition of the blood.

Little Notes

S. J. Sargeant, T. W. and Mrs. Hills and C. B. Barlett were in town from Blainmore on Sunday night and returned in the niche hours of Monday morning.

The new skating rink is just completed and skating enthusiasts feel more than proud of their structure and look forward with anxiety to the coming winter's events.

Mrs. F. Wright held a reception in the school hall on Thursday 10th, to welcome Rev. A. J. and Mrs. Langlois. There was a good company of ladies present. Tea was served by Mrs. Wright assisted by Miss Wilson. Mrs. Langlois gave an account of their work in Africa and a very enjoyable time was spent.

Preparations are now being made for the children's treat at Christmas and already upwards of \$200 has been subscribed towards the Christmas tree. Miss Norton is training the children for the entertainment and we expect they will be in good shape for the coming event.

DR. AGNEW, dentist, will visit Frank on Nov. 20th, 21st, and 22nd, at the Frank hotel, and at Blainmore Nov. 23rd, 24th, 25th, and 26th, at the Cosmopolitan hotel.

What's in a Name?

The Rochester Union and Advertiser has propounded a question which promises to remain unanswered. It is this:

"Why is it that the boys with the old-fashioned names seem to get to the front? A canvass of the names of candidates for the Government will demonstrate that the boys who were called 'Bill' in their school days are losing out large. There are no Percys or Algernons in this list, and none in sight."

Add why is it, indeed that the Percys and Algernons seem fated to stay out of politics, and the Bills to get to the front? Why is it, for instance, that every member of the Dominion Cabinet, except the Minister of Justice and those of French origin, wears the commonest Christian names in the language. Marking back in their schoolboy days, they became Dick Cartwright, Fred Borden, Syd Fisher, Frank Oliver, George Gurnea, Claude Murphy, and no less than five Williams, Bill Fielding, Bill Patterson, Bill Thompson, Bill Pugsley, and Bill King. Nor is the Minister of Justice ever spoken of as Allen Aylesworth. Having a name just a little out of the common, he pays the penalty by being known as A. B.

On the front benches of the opposition sit Bob Borden, George Foster, Charles Robert, Bill Maclean, Sam Hughes, Sam Barker, et al. In the Ontario Legislature the leading conservatives bear names quite as democratic. Jim Whitney, Bob Pyre, Joe Beattie, Bill Egan, Art Matheson, Jim Duff, Jim Foy, Frank Cochrane, John Hendrie; also such good old testament favorites as are borne by Adam Beck and Isaac Lucas. And Sandy Mackay is the leader of the opposition.

There seems to be something in a name after all. Politically speaking the commoner it is the better. There is a Bill or a Jim may not secure political distinction, but certainly nothing but political extinction seems to await most of the men who were christened something unusual.

INDIGESTION

If you are suffering from indigestion and the attendant distressing stomach, you should give Mi-o-na, the guaranteed remedy a trial. Mr. William Sargent of 230 Queen's St. S., Berlin, Ont., says: "For years I have been a sufferer from acute indigestion, which caused the most distressing pains in my stomach. I decided to try Booth's Mi-o-na Tablets and they have done me more good than anything I have ever used. I am now free from this trouble than I have been for years. I planned to tell you and recommend this remedy to all who suffer with stomach trouble."

Remember Mi-o-na Tablets are guaranteed to cure acute or chronic indigestion and turn the old stomach into a new one in a few weeks. All druggists sell a box or postpaid from The S. T. Booth Co., Ltd., 100 York St., Ont. Sold and guaranteed by S. J. Watson.

Happenings in and Around Blair- more

A. A. Sparks left last night for Edmonton.

R. Smallwood has taken over H. Gobo's blacksmith shop.

H. C. Mick made a business trip to Macleod on Monday night.

Miss Ross, of the teaching staff, was under the weather a couple of days this week.

Get your winter supply of clothing from Smith & Hingray. The Store For Men—Pay week specialties.

The Ladies' Aid of the Presbyterian church meet this afternoon at 2 o'clock at the home of Mrs. McVicar.

An "electrical" party was held at Mrs. E. Ty's on Monday night, where over thirty people helped to ease away a few long hours.

Our customers express great satisfaction in wearing our goods. Are you one of them? Smith and Hingray—The Store For Men.

Mrs. Orin Allen and family have moved this week from Vancouver to take up their residence here. No place like Blairmore after all, eh?

There is quite a nifty window display at the corner store for men—S. & H. The manager there certainly knows how to attract attention.

Rev. Mr. Knight, of Nova Scotia, will arrive in town on Saturday next to conduct a week of evangelistic services in the Presbyterian church here.

H. M. Bold has resigned his position as superintendent at the Rocky Mountain Cement Co.'s plant here to go in business for himself at the coast.

The new cottage for Archie MacLeod, just to the rear of his present residence on Fifth Avenue, is going up fine and will be a grand addition to that part of the town.

Peter McKen and family are among the latest to fall in love with Blairmore and moved to town from Cowley last week. Pete is never short of his pleasant smiles for anybody.

The Blairmore Amateur Club gave another one of their enjoyable dances last night. About 25 couples were present and the evening was well enjoyed by all.

Mr. Campbell, representing the British & Foreign Bible Society, will speak in the Baptist church here on Friday evening. Local clergymen will also assist in the service.

W. J. Foden, provincial grand organizer for the Loyal Orange Association, was in town on Wednesday making arrangements for the institution of a subordinate lodge in Blairmore.

Only a very few attended the Ole Olson show at Coleman on Monday night. It was not advertised around here and consequently the large number of Blairmore theatre goers knew nothing about it.

N. Marshall, government inspector of boilers, was up from Lethbridge on Tuesday and inspected the large boilers at the cement plant, brick works and at the mines and found them in first class condition.

The Alberta legislature was opened on Thursday last. This makes the second session of the second legislature.

Miner Killed

At Blairmore

The worst accident that has happened at the mines here occurred on Friday afternoon last when Martin Resenty met his death and Martin Lampie came very near meeting the same fate.

They were discovered at about 3 p.m., by A. F. Mellie who immediately summoned Nat. and telephoned for the doctor.

The men were soon taken from the mine. Resenty was dead and Lampie was in a semi-conscious condition. The latter was taken to the Frank hospital where he soon revived and was able to get around on Monday.

The remains of Martin Resenty were buried on Sunday and on Tuesday an inquest was held by Coroner Pinkney to investigate the cause of this accident.

The following jurymen were impanelled: J. Gaskiel-Smith, Herbert Hargreaves, Walter H. A. A. Sparks, John McDonald and Donald McRae. The verdict handed in by the jurymen was as follows:

"That the deceased Martin Resenty came to his death on the afternoon of Nov. 11th, 1910, in the following mine by suffocation, his going back to his work too soon after shooting and owing to the ventilation being poor. According to the evidence we, the jury, find that the Fire Bosses of the Blairmore mine have been careless in the performance of their duty. In the first place allowing holes to be tampered with wet coal dust, in the second place, the Fire Bosses, in the second place, using examining places after shooting. We recommend that the regulations of the coal mine act be more strictly enforced."

His Lordship's discourse was full of eloquence and was very interesting from start to finish. He impressed upon the members of the church the duty they owe their Maker and reminded them of the services which the church required of them. The church of God is their best friend. The building of such a grand edifice for Divine worship, said the speaker, is a proof that the people of Frank have limitations of high and noble things. His Lordship congratulated the people of Frank on the erection of such a splendid church and he hoped that the purpose for which it was erected will prosper and that much good will be accomplished in Frank.

Aerial Tramway Is Completed

The aerial tramway at the cement works, which has been in course of erection during the past two months, is about completed and will be ready for use this week. This tramway will be used for the purpose of carrying shale from the site of the mountain to the cement works where it is used in the manufacture of cement. This tramway had been built at a considerable expense but will mean a great saving in the transportation of shale.

Special Services

A series of evangelistic services will be held in the Presbyterian church, Blairmore, every night next week, from Sunday, 20th inst., to Sunday, 26th inst., inclusive. Two services will be held on each Sunday—morning and evening. Rev. Mr. Knight, of Nova Scotia will conduct the services.

Harold Nelson Coming

Harold Nelson's coming to the Coleman Opera House on Saturday and Monday nights next, is of special interest to the theatre-goers of the Pays, will be the announcement of the return of that ever-popular dramatic actor, Mr. Harold Nelson assisted by a company of professional merit, for a term of two nights. It will not only be a play of quality, but it will be something in the way of a novelty as well for Mr. Nelson is producing nothing but the modern drama this season, and more especially plays dealing with Canadian life and characters.

The report that Mrs. Betty Elmore Crippen has been discovered in Alx is not correct.

New R. C. Church a Credit to Frank

The new Roman Catholic church at Frank was dedicated on Sunday morning last amidst great pomp and ceremony. The Right Rev. Bishop E. J. Legol, of Saint Albert's, officiated. Besides His Lordship, there were present: Rev. Father Lagat, of Frank; Rev. Father P. Hator of Pincher Creek; Rev. Father M. Lepine of St. Mary's church, Calgary; Rev. Father J. M. Salun of the Pigeau reserve.

Rev. Father Lagat heard confessions at the morning from 6 to 7:30 o'clock. The Right Rev. Bishop celebrated mass for the general communion at 7:30 a.m. The dedicatory service commenced at 10:30 a.m. when this new house of God was dedicated under the name of the Blessed Sacrament.

After the open air service was over and the church blessed, about 400 people gathered in the church where the dedicatory service was continued and in able and edifying sermon was delivered by the Right Rev. Bishop Legol.

His Lordship's discourse was full of eloquence and was very interesting from start to finish. He impressed upon the members of the church the duty they owe their Maker and reminded them of the services which the church required of them. The church of God is their best friend. The building of such a grand edifice for Divine worship, said the speaker, is a proof that the people of Frank have limitations of high and noble things. His Lordship congratulated the people of Frank on the erection of such a splendid church and he hoped that the purpose for which it was erected will prosper and that much good will be accomplished in Frank.

In the afternoon at 4 o'clock the Sacrament of confirmation was given by His Lordship when many children were confirmed.

The new building is erected on the hill on the north side of the town. It is forty feet long and thirty feet wide with a chancel measuring 12 x 16. It has a stone foundation and was erected at a cost of about \$4,000 by E. Marino of Blairmore.
